- App Store Review - "The combat system is smooth and intuitive, and there's a rich variety of weapons and skills that help you customize your character to your play style. The graphics are beautiful, but while they're good, they don't look amazing... I can't stand how you've sold yourself as something that you're not! Most titles in this genre are text-heavy with few assets. Elden Ring Cracked 2022 Latest Version is text-heavy, but has numerous assets. It does so much and does so well. The game is a fast-paced action RPG that makes the best use of the new features in iOS."  
-corey.locke -Gamezebo - 9/10 - Google Play Review - "Elden Ring Cracked Version might be a more substantial game than most of its iOS kin, but that doesn't mean it's a less fun experience. The gameplay is simple, but the concept is fresh and clever. The story is compelling, and the work of character and art design are stunning."
