The San Jose Earthquakes fell behind to Colorado on goals from Camilo and Sebastián Velásquez as D.C. United jumped out to a three-goal advantage in the second half before Gonzalo Pineda tied the game at 4-4 with a penalty kick. Velásquez and Camilo netted their second goals of the game in the 61st and 67th minutes, respectively. The fourth goal by Velásquez drew the MLS' smallest crowd since 2008 and was scored in the dying seconds of the match at Rio Tinto Stadium. The Quakes have not scored more than three goals in a game since June 5, 2012, a stretch of 14 matches. But the Quakes did manage a quality result, drawing Colorado for the second time in the past three seasons. In 2013, San Jose earned a point in the first meeting between the teams, with Velásquez's hat trick in the Quakes' 3-2 comeback victory at Dick's Sporting Goods Park. Colorado took a 2-1 victory on penalties in the second contest. "I think the first game was a little bit closer than we expected," said goalkeeper David Bingham, who started for the Quakes. "I thought the second game was one of the closest games I have seen in a while.... That's how it goes sometimes with these top teams, they play well and they play hard. We played well, and we stuck to the game plan and didn't go away from it. We just needed a little bit more composure and composure in the box and being more clinical with the chances." Velásquez netted his first goal as a professional with a late-minute header that sailed just inside the far post. Camilo followed with a header from close range for his seventh goal in 19 starts. Velásquez scored his second goal on a breakaway in the 61st minute, assisted by Tommy Thompson and Daniel Krutzen. Velásquez extended his scoreless drought to 93 minutes before adding a fifth in the 67th, after Thompson found him with a perfectly-weighted pass for a shot from the top of the box. "It's been a great week, and a good night," Velásquez said. "This is the third time I have played against Colorado, and this is my first goal with the team. I am really happy about it
