He still has nightmares about what happened to his wife. "It's one of the worst memories I have. I still have a hard time sleeping," he said. Courtesy of Lisa Sams, a victim of the attack, family members watch as the skydive team from Skydiving Sixers. Today, he believes that he can make a difference in the world. He and his family run the nonprofit Skydiving Sixers, which gives wounded U.S. soldiers the chance to skydive and help others. "This can be the thing that takes me off this earth," he said. "I'm going to make sure that I do as much as I can."This invention relates to a tool tray to receive one or more workpieces. The tool tray is used to hold together a set of tooling selected to perform a particular application. The invention is applicable to many fields including, but not limited to, the field of woodworking. The invention is disclosed herein in a woodworking context, but it should be appreciated that the invention is applicable to many other fields, especially to those fields where a number of components need to be oriented and aligned relative to each other in order to manufacture a product. There are different known ways of holding a set of tooling. Each of these ways has certain advantages and disadvantages. One type of arrangement known in the art is to hang the tools on a pegboard or the like. This is normally done with five-sided tooling, such as a Swiss cheese table, a half round base, etc. This type of arrangement enables the free movement of the tools within the tray, but it has a serious disadvantage in that the workspace is typically not flat. This makes it difficult to actually see the face of the tooling when performing the work. Also, the tooling may fall off the pegboard, especially if additional tools are added or removed from the base. Another type of known arrangement is an array of individual tool holders that each hold one of the tools. This type of arrangement is difficult to coordinate the tools within the tool tray, particularly when the tool tray may have a curved surface. Many tools may be loaded into a tray in such a
